

Can you stop a toy train on a track with your hand?

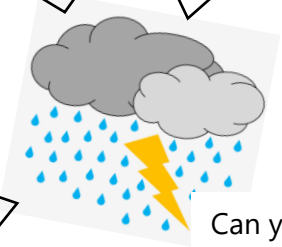

Can you turn off a waterfall?

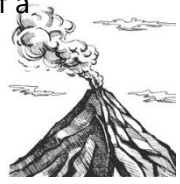

Can you blow out the fire on a match?

Some things we CAN do,
some things are IMPOSSIBLE.
Decide what you can and can't do then think,
"Could God do that?"

Can you turn the volume of a storm down?

Can you blow out the fire of a volcano?

Can you stop a REAL train with your hand?

Can you turn off a tap?

Can you turn the volume down on your TV?
